TRUSTEE REPORT

To the Unitholders,

Directors of Principal Trustee Company Private Limited have the pleasure in presenting the Twentieth Annual Report along with the audited financial statements of the Schemes of Principal Mutual Fund for the Financial Year 2013-2014.

1. Scheme Performance, Future Outlook and Operations of the Scheme :

Performance as on March 31, 2014:

Principal Pnb Fixed Maturity Plan - Series B5 (A Close Ended Debt Scheme offering Fixed Maturity Plan of 367 days)

Period	Date	Regular Plan [^]		Direct Plan [^]	
		Returns (%)	Crisil Short Term Bond Fund Index (%)	Returns (%)	Crisil Short Term Bond Fund Index (%)
Since Inception	30-Jul-13	6.55	7.14	6.58	7.14

[^]Growth Option

Past performance may or may not be sustained in the future

Note: Returns less than one year are calculated on absolute basis and returns for more than one year are calculated on Compounded Annualised basis.

Most of the scheme(s) under the Fixed Maturity Plans since their inception have been in line with their benchmarks, whereas Principal Pnb Fixed Maturity Plan - Series B2 has outperformed its benchmark significantly. The same has essentially been on account of the scheme(s) being Fixed Maturity Plan(s) which required locking in investments till maturity of the Scheme(s) and better timing and stock selection.

Outlook and Operations of the Scheme:

a. Equity Market:

The equity market has run up substantially in the second half of the previous year for the reasons we listed in the review above viz. the efforts of the government to kick start investment, some improvement in macroeconomic parameters and market expectations of a stable government at the centre. In addition, if there is improvement in corporate profitability as the economy revives, it can lead to decent earnings growth. However, the big challenge remains on the fiscal front as government revenues can remain weak in an environment of weak growth. The markets however are not too expensive, and are in line with long term averages, so they are likely to trade with a positive bias.

b. Debt Market:

The key drivers for debt market in FY 2014-15 would be the RBI monetary policy stance, CPI Inflation trajectory, Banking system liquidity conditions and demand supply dynamics for Government Securities (G-Sec). The policies of the new government concerning fiscal management would also be keenly awaited.

RBI is expected to keep CPI inflation as the nominal anchor of monetary policy. If the trajectory of CPI inflation is in line with RBI projections (8% by Dec 14, and 6% by Dec 15), then we may see an extended pause in benchmark rates this year.

Global crude oil prices would continue to remain an important indicator in terms of fuel inflation, oil import growth and subsidy bill of government. Any fall in prices to below US\$100 on account of global growth concerns would be positive for debt market.

Banking system liquidity is expected to remain in deficit mode in FY15 as well. Most of the deficit, though, would be financed through Term repo, unlike FY14, when overnight LAF window was the major source for liquidity injection.

The supply of G-Sec in the first half of FY 2014-15 is 61% of the total dated G-sec borrowing programme of ₹ 5.97 lakh crores (in turn higher than ₹ 5.63 Lac Cr of FY 2013-14). The government plans to conduct buyback (swap) of short tenor G-sec and issue fresh long dated G-sec of an equivalent amount this year as well, which may put pressure on long term G-Sec yields. Lack of OMOs along with excess supply may keep pressure on the G-Sec yields. The broad range for 10 year benchmark for Financial year 2014-15 is likely to be 8.50%-9.50%.

The fiscal policies of the new elected government, stance on Gold import restrictions and change in the net supply of G-Sec for FY 14-15 would be very important for the markets. Overall we may expect volatility in rates in the various segments.

Operations: Principal Mutual Fund (PMF) as at March 31, 2014 offers twenty seven Schemes. These include eight Equity Schemes (including two Equity Linked Savings Schemes), one Balanced Scheme, one Hybrid Scheme, one Fund of Fund Scheme (Overseas), nine Debt

Schemes/Plans including one Liquid Scheme, and seven Fixed Maturity Plans. The total assets under management across all these Schemes as on March 31, 2014 was ₹ 3776.34 Crore.

The AMC operates out of 11 branches, including Mumbai. Increased use of technology coupled with optimum allocation and utilization of resources has helped us to enhance operational efficiency at PMF. During the year, SEBI has introduced significant changes to the MF regulations which has impacted the industry as a whole. PMF has continued to modify its processes, wherever required, to remain compliant with the said regulations at all times.

Brief background of Sponsors, Trust, Trustee Co. and AMC Co.

A. Constitution of the Mutual Fund⁺

Principal Mutual Fund (formerly known as IDBI-PRINCIPAL Mutual Fund and herein referred to as the "Mutual Fund") has been constituted as a trust on November 25, 1994 in accordance with the provision of the Indian Trusts Act, 1882 (2 of 1882).

The Fund was initially set up by Industrial Development Bank of India (IDBI) in 1994 by execution of a Trust Deed, under which IDBI was the sole Settlor, Sponsor and Principal Trustee and an initial amount of ₹ 1 lakh and additional amount of ₹ 24.99 Crore was settled as the trust corpus. Accordingly the Board of Trustees were vested with all the rights, duties and responsibilities vis-à-vis functioning of the Mutual Fund. The said Trust Deed has been registered under the Indian Registration Act, 1908 and the Mutual Fund was registered with SEBI on December 13, 1994 under Registration Code - MF/019/94/0.

Subsequently, on March 31, 2000, Principal Financial Services Inc., USA, became the deemed sponsor (along with the IDBI) by acquiring 50% stake in IDBI-PRINCIPAL Asset Management Company Limited, where after and pursuant to the SEBI letter dated October 18, 2002 all rights, responsibilities and duties of the Board of Trustees were transferred in favour of IDBI-Principal Trustee Company Ltd. On June 23, 2003, Principal Financial Services Inc. USA became the sole sponsor by acquiring 100% stake in IDBI-PRINCIPAL Asset Management Company Limited, through its wholly owned subsidiary Principal Financial Group (Mauritius) Limited (Principal Mauritius). Principal Mauritius thus became the sole settlor of the Fund and the name of the Trustee Company and of the Asset Management Company was changed respectively to Principal Trustee Company Pvt. Ltd. and Principal Asset Management Company Private Limited to reflect the change in ownership. In tune with the industry standards and practices, Principal Mauritius, the Settlor, maintains a corpus of ₹ 25 lakh in the Trust in place of the original contribution of ₹ 1 lakh and additional contribution of ₹ 24.99 crore vide execution of a supplemental trust deed dated April 16, 2004. On May 5, 2004, Punjab National Bank (PNB) and Vijaya Bank (VB) became equity shareholders and they hold equity shares to the extent of 30% and 5% respectively of the equity capital of both Principal Trustee Company Private Limited and Principal Pnb Asset Management Company Private Limited (earlier name - Principal Asset Management Company Private Limited). Pursuant to this change in ownership, certain amendments have been made to the Principal Mutual Fund vide Supplemental Trust Deed dated 5th May 2004, to reflect, amongst other amendments, the addition of Punjab National Bank and Vijaya Bank as the co-settlers to the Fund. Accordingly, Principal Mauritius, Punjab National Bank and Vijaya Bank have 65%, 30% and 5% rights, title, interest and obligations respectively as co-settlers to Principal Mutual Fund.

⁺ Note: Effective June 27, 2014, shareholding pattern of AMC and Trustee Co. has been revised as under: Principal Mauritius - 70%; PNB - 30%
