

**REPORT OF THE TRUSTEES TO THE UNITHOLDERS OF PRINCIPAL MUTUAL FUND**

The Directors of the Trustee Company have pleasure in presenting before you the Thirteenth Annual Report of the schemes of Principal Mutual Fund for the year ended March 31, 2007.

**OVERVIEW – EQUITY MARKETS**

The performance of the key stock market indices during the year was as below :

Indices	Performance (1 year)	2 years	3 years
NSE Nifty	12.31%	37.02%	29.20%
BSE Sensex	15.89%	41.89%	32.73%
BSE 500 Index	9.71%	34.61%	30.23%
BSE Midcap Index	0.66%	32.19%	37.24%

(Performance for 1 year, 2 years and 3 years CAGR numbers)

The performance of the relative stock indices has shown a trend in the past three years. In 2004-05, the mid-cap indices outperformed the large cap indices like the Sensex and the NSE Nifty by a very large margin. In 2005-06, the performance of the large cap and the mid-cap indices was very similar, and in the last year, the large cap indices have outperformed the mid-cap index very substantially. The first quarter of the financial year was very volatile for stocks globally. The likelihood of substantially higher interest rates on account of higher inflation spooked the markets, and there was a good correction in markets worldwide. In India, the large cap indices fell about 30% from May to June, while the mid-cap indices fell substantially more, nearly 38%, during the period.

India was a mid-rung performer among emerging markets during the year. India's valuations remain at a premium to other emerging markets however.

During the year, the sectors which did well were financials, IT and energy. The automobile, consumer goods and pharmaceuticals sectors performed poorly.

Overall inflows from FIIs and Mutual Funds were strong during the year.

**Performance of Equity Schemes during 2006-07**

Our portfolio of funds managed to deliver another year of solid performance, maintaining their consistent run across time horizons. The year also saw our performance being recognized by leading mutual fund evaluating agencies. ICRA Mutual Funds Awards 2007 awarded Gold to **Principal Tax Savings Fund<sup>^</sup>** in the category of Open Ended Equity Linked Saving Schemes for its 1-year performance till December 31, 2006. Besides this the Principal Large Cap Fund was nominated among the diversified equity funds category for 1 year performance till December 31, 2006.

**DEBT MARKETS DURING FINANCIAL YEAR 2006-07**

2006-07 was a continuation of a trend of the previous year. Equity remained strong and debt remained weak. Equity markets performed well due to global liquidity finding its way in emerging market equities, and debt markets suffered from tightening in domestic liquidity, especially during the second half of the year. Central bankers across the globe increased rates in order to reduce surplus liquidity and remove the accommodative stance of the monetary policy. Inflation remained the major concern for Central Bankers across the globe. Yields inched up during the year on a net basis, moving higher by 50-75bps across the sovereign curve. Corporate spreads too widened thereby increasing the cost of funds for domestic borrowers. Investors remained in the relative safety of cash funds largely and the issuance of fixed maturity plans increased during the year.

## Performance of Fixed Income Funds during 2006-07

Financial Year 2006-07 was another challenging year for fixed income fund managers. Yields kept rising, impacting adversely the debt fund performance. Hybrid funds with equity exposure registered strong performance on back of buoyant stock markets. Investors continued to switch from long duration funds to cash funds and floating rate funds. The Short Term Fund gained in corpus during the first half of the year but saw large redemptions in the second half as liquidity dried up pushing short-term yields higher. **Principal Income Fund - Short Term Plan - Regular Plan** generated 1-yr returns of 6.49%, as the portfolio was invested in assets with an accrual focus and minimal duration risk. **Principal Income Fund - Regular Plan** generated 1-yr returns of 6.81%. **Principal Cash Management Fund - Liquid Option - Institutional Premium Plan** generated 7.31% for the year while floating rate funds like **Principal Floating Rate Fund-Short Maturity Plan - Regular Plan** and **Principal Floating Rate Fund - Flexible Maturity Plan - Regular Plan** generated 7.40% and 7.53% respectively. The **Principal Government Securities Fund - Investment Plan** generated positive 3.58% returns, in spite of an adverse interest rate environment. Our funds had another year of good performance; maintaining top quartile performance across most fund categories. The year also saw our performance being recognized by mutual fund evaluating agencies for consistent and superior fund performance-

# **CNBC TV18 -CRISIL** awarded Principal Income Fund and Principal Floating Rate Fund-Flexible Maturity Fund as the best funds in their respective categories for 2006.

^^ **ICRA** awarded Principal Income Fund with Gold award in the 'Open-ended Debt-Long Term category for 2006.

## Outlook for the Financial Year 2007 - 2008 :

### a. Debt Market :

In the recent past, global investors have become more risk averse as a fallout of the higher defaults in the US subprime mortgage market. Liquidity has tightened for the riskier assets, and there are concerns that flows into emerging markets will be impacted. Thus India also has seen outflows from the markets in the current period though the Indian economy is relatively insulated from the slowdown in the US as it is primarily driven by domestic factors. The economy continues to do well and is likely to grow at over 8.5% during the current year. The corporate profit growth is likely to be decent, at around 15%, though the rate of growth is slowing down. The Reserve Bank of India has been proactive in tightening interest rates and has managed to slow down the credit growth and cool the froth in asset markets. India seems to have done with most of its interest rate tightening, and the economy should not show a meaningful slowing. The capital expenditure cycle remains strong and there are as yet no signs to indicate a slowdown in consumer spending. After the correction, the valuations are also more reasonable. The current volatility gives good opportunity for stock picking for the longer term. We hence remain bullish on the equity markets though the markets will take time to stabilize and will remain volatile in the near term.

### b. Equity Market :

Central Bankers across the globe are expected to moderate their stance on rate hikes as they would assess the macroeconomic conditions and evaluate the need for higher real rates before further tightening. Higher global commodity prices and sustained economic recovery may continue to keep pressure on inflationary outlook across economies. Nominal interest rates are likely to rise during the initial part of the year and then peak out during latter part as the incessant rate hikes may come to a temporary halt. Domestic inflation is likely to inch up as the impact of high crude prices is passed on to the domestic markets and global commodity prices continue to remain high.

### c. Principal Mutual Fund :

Outlook for the Mutual Fund Industry remains strong. The industry has continued to gain increased acceptance among investors and is increasing its geographical spread into smaller towns. We expect emerging markets to continue to benefit from increased global liquidity.

In 2007-08, we expect to see continued growth in our AuM, with specific thrust on the growth of Equity AuM, aided by consistent good performance from our key equity funds. The Global Opportunities Fund (the only Global Fund in India that invests upto 100% of its Assets in Overseas Securities) continues to perform well, both in terms of Investment Returns as well as overall AuM growth. In 2007-08, we have plans to offer at least two new equity funds, as well as another global fund to our Investors, to help boost AuM mobilization in the international funds space to the maximum level permissible under regulations.

Principal Mutual Fund has always been recognized as a strong player in the Debt Fund space, offering various products to cater to all segments of the market. This strong platform will help the Company to further strengthen its market share in this segment, aiding overall growth in Assets under Management.

### **ADDENDUM DATED DECEMBER 29, 2006**

#### **Prevention of Money Laundering**

In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identity and address (es) of investors.

In order to make the data capture and document submission easy and convenient for the investors, Mutual Fund Industry has collectively entrusted this responsibility of collection of documents relating to identity and address and record keeping to an independent agency (presently CDSL Ventures Limited) that will act as central record keeping agency ('Central Agency'). As a token of having verified the identity and address and for efficient retrieval of records, the Central Agency will issue a Mutual Fund Identification Number ('MIN') to each investor who submits an application and the prescribed documents to the Central Agency.

Investors who have obtained the MIN can invest in the schemes of the mutual fund by quoting the MIN in lieu of submitting information and documents required under AML Laws.

#### Mutual Fund Identification Number

Investors who wish to obtain a MIN have to submit a completed Application Form for MIN ('MIN Form') along with all the prescribed documents listed in the MIN Form, at any of the Point of Service ('POS'). The MIN Form is available at our website ([www.principalindia.com](http://www.principalindia.com)) and AMFI website ([www.amfiindia.com](http://www.amfiindia.com)). POS are the designated centres appointed by the Central Agency for receiving application forms, processing data and allotment of MIN. List of and location of POS is available at our website ([www.principalindia.com](http://www.principalindia.com)) and [www.amfiindia.com](http://www.amfiindia.com). On submission of application, documents and information to the satisfaction of the POS, the investor will be allotted a provisional MIN across the counter. Subsequently, the Central Agency will scrutinize the information and documents submitted by the investor, and confirm the MIN. However, the Central Agency may cancel the MIN within 15 working days from the date of allotment of provisional MIN, in case of any deficiency in the document/information. Intimation on cancellation of MIN will be dispatched by the Central Agency to the investor immediately. No communication will be sent to the investor if the MIN as allotted is confirmed.

Presently, it is mandatory for all applications for subscription of value of Rs.50,000/- and above to quote the MIN of all the applicants (guardian in case of minor) in the application for subscription. The MIN will be validated with the records of the Central Agency before allotting units. Applications for subscriptions of value of Rs.50,000/- and above without a valid MIN may be rejected.

In the event of any MIN Application Form being subsequently rejected for lack of information / deficiency / insufficiency of mandatory documentation, the investment transaction will be cancelled and the amount may be redeemed at applicable NAV, subject to payment of exit load, wherever applicable. Such redemption proceeds will be despatched within a maximum period of 21 days from date of acceptance of application. (In case of an ELSS Scheme or a New Fund Offer, allotment will be done only on confirmation from the Central Agency that the MIN is final and if the Central Agency informs that the MIN is cancelled, the original amount invested will be refunded).

All investors (both individual and non-individual) can apply for a MIN. However, applicants should note that minors cannot apply for a MIN and any investment in the name of minors should be along with a Guardian, who should obtain a MIN for the purpose of investing with a Mutual Fund. Also, applicants / unit holders intending to apply for units / currently holding units and operating their Mutual Fund folios through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must mention their respective MIN at the time of investment above the threshold. PoA holders are not permitted to apply for a MIN on behalf of the issuer of the PoA. Separate procedures are prescribed for change in name, address and other MIN related details, should the applicant desire to change such information. POS will extend the services of effecting such changes.

All the other terms and conditions of the respective schemes' Offer Documents will remain unchanged. This addendum forms an integral part of the Offer Documents of the respective schemes. The above will be effective from January 1, 2007, read with the addenda issued from time to time.

Applicants / Unit holders may contact our Investor Service Centers / their distributors, if any for any additional information/clarifications. Also, please visit our website [www.principalindia.com](http://www.principalindia.com) for any other related information.
